Your Support Helps People & Panthers Thrive Together

Once on the verge of extinction, Florida panthers are growing in number and expanding their breeding range. But this success is not without challenges.

The Florida Panther Festival promotes the safe coexistence of people, pets, livestock, and panthers by fostering a wide appreciation for panthers and the programs needed for landowners to continue caring for the crucial Florida ecosystems that we all depend on.

Seeing A Living Panther

At the Festival, families can see Athena, a Florida panther born in Big Cypress National Preserve. At less than 3 weeks of age, her mother left her behind in the den where park biologists found her. Naples Zoo agreed to provide her a forever home as Athena did not have enough time with her mom to survive in the wild.

Record Attendance

Hosted on a Collier County Free Saturday at Naples Zoo, the Festival welcomes well over 3,000 guests during Festival hours. Guests will meet rangers, biologists, and other wildlife experts while children engage in fun activities. Approved businesses and organizations can have a booth alongside them to speak to these families.

100% Tax-Deductible

Your sponsorship protects Florida's state animal!
